Appropriation Bill Passed—
Congress Adjourned.

Since the publication of our last news has reached us of the passage of the Army Appropriation Bill, without the odious Kansas proviso, and also the adjournment sine die, of Congress. Thus is the country again indebted to the patriotism and firmness of the Democratic party, for preservation through the most solemn and dangerous crisis it has ever passed. With anarchy and confusion reigning in California—a civil war in Kansas, and a terrible and cruel

Indian war on our North-western frontier, the fanatical and treasonable Black Republican party in Congress, showed its willingness to force an odious and unjust measure on the country, or leave it in a defencesless condition to drift to inevitable destruction. And this is the party with which the Fillmore party of Indiana and Pennsylvania is willing to fraternize and run but one ticket. Will the scales of political prejudice never fall from the eyes of the many-named Anti-Democratic party of the South?

We look upon this early adjournment of the called session, as the first good fruits of the late law, giving an annual salary of three thousand dollars to the members in place of \$8 per day. For the future we may well hope that the members of Congress will not stay in session nine months, with not more than three weeks business, engaged in political intrigues and President-making, and spreading the flame of excitement till over the country by the discussion of the slavery question.

If Congress will now pass an act giving the members from each State, a specific amount of mileage, they will hereafter take the shortest route to Washington.

Cheering News from Tennessee. In a letter from L. L. EPPER, Esq. recently Principal of the Oxford Male Academy in this County, dated Knox County, Aug 21, he says: "The prospects of Buchanan & Breckinridge in Tennessee are most flattering. I have never seen the Democracy more sanguine; and from the present aspect of affairs, I would not be surprised if they carried the State by a majority of ten thousand." This letter, let it be remembered, is from the strongest Whig County in the State, where, if any part, the democracy would be likely to be discouraged.

We have also recently been shown letters addressed to other individuals, with like cheering news from Florida, Georgia and other States.

FUDGE.—The Southern Fillmore Know-Nothings are exercising themselves just now very extensively with an absurd tale, that Mr. Buchanan is about to decline, or be withdrawn on account of his bad prospects. Yes, and the Know-Nothing will all catch Larks when the sky falls. The hopelessness of their own cause doubtless suggested to them this idea; but it is a pity they should tax their brains in the invention of a tale which could not by any possibility deceive either themselves or others.

Kansas.—The news from Kansas, it will be seen is of the most interesting and startling character. A battle was fought to be inevitable, at latest accounts, between the Abolitionists under Lane and Robinson, numbering about 2000, and the opposite party under Doniphan 2500 strong. If it is inevitable, it is at least to be hoped, that a severe battle, between the contending parties, will put a final end to this menacing and nationally disgraceful broil.

P. S. News received this morning of another battle at Ossawattomie, in which 30 Abolitionists were killed. Gen. Atchison has taken the field with 15,000 men. The President has ordered the Governors of Kansas, Illinois and Kentucky to call their militia into regiments.

See advertisement of KENN & SPENCER, Warehouse and Commission Merchants of Selma, who have taken the new Brick Warehouse, entirely secure from fire.

These gentlemen are well known to the business community of Selma and this part of the State, and offer very favorable terms to those who may wish their services.

Their prices for storage are very moderate, and they propose to relieve their customers entirely of the usual tax of drayage.

New Goods.—Mr. Kahn of the firm of Kahn & Brou, of this place has just returned from New York, and is now re-ceiving and opening the largest stock of Goods which he has ever brought to this market, suitable for the Fall & Winter trade. Mr. Kahn has an extensive acquaintance in New York, and has spent an unusual length of time in that market, availing himself of every advantage in obtaining the best and most fashionable Goods, at the lowest rates.

Mr. Kahn is well known in our community, having been engaged a number of years in the Mercantile business. He hundreds of acres all along his line of quality than any one else. All we can say is, call upon him and prove the truth of his assertions.

Further particulars will be given in ad-vertisement next week.

New Fall Goods.

See advertisement of Ryan, Francis & Rowland. The announcement that they are receiving New Goods is a sufficient guarantee to purchasers, that they can be supplied with every article of seasonal Goods on the most reasonable and accom-modating terms.

Give them a call and promote your own interest while you patronise a worthy firm.

The friends of education are respectfully referred to advertisements in another column, for particulars of time of commencement, terms, &c. of the two new Male and Female Schools, which will be commenced in this place a few weeks.

Portraits of Presidential Candidates.—We have received from the Brother Jonathan Office, New York, a Sheet of finely engraved Portraits, viz: Buchanan and Breckinridge—Fremont and Dayton—and Fillmore and Donelson.

We have received from the Brother Jonathan Office, New York, a Sheet of finely engraved Portraits, viz: Buchanan and Breckinridge—Fremont and Dayton—and Fillmore and Donelson. Send a 3-cent postage stamp to B. H. DAY, 48 Beckman street, New York, and you will get the whole six of these Portraits free of postage. Cheap enough!

Public Speaking.

J. H. Wright and W. J. Borden will address their fellow-citizens, at White Plains, Benton County, upon the issues involved in the Presidential canvass, on Saturday, 20th Sept.

It appears from the following, that while we had nothing more than high wind and clouds here, on Sunday week last, Georgia and South Carolina was visited with the severest gale and rain storm which had been experienced for many years.

The Late Storm.

On Sunday the 31st, about nine o'clock, a.m., the wind being N.E., a very heavy rain commenced, and for about twelve hours it rained steadily accompanied with high winds. Such a rain has not descended, in this locality, within the memory of any of our residents, so far as we could learn.

The damage by wind and rain, in this city has been very slight. The loss to the cotton and corn crop will no doubt, be immense.

In every portion of the country we have heard from, the storm has been very disastrous. Every mill dam on Butler's Spirit and Rock creeks have given way before the angry floods—the bridges on the common through-fares through the country, even over small streams, have been either damaged or swept away. The canal at Bellville Cotton Factory broke, and carried off the

Machin and Blacksmith shops—the dam at Richmond Cotton Factory was broken, and the bridge on the plank road, below the Factory, was floated off, and also several bridges on the line of the plank road.

The Georgia Railroad embankments in two or three places, were injured by the swollen streams, and detained the trains several hours, but the damage was soon repaired, and the trains are now running regularly. As high up on the Georgia railroad as we have received any intelligence from, the rains were very severe.

We understand that some portion of the Augusta canal gave way yesterday. A gentleman from Columbia county, last night, informed us that the rain and storm caused great destruction in the vicinity of water courses in that county, as well as in the northwestern portion of Richmond co.

We have been able to hear from but a small portion of South Carolina. The railroad bridge at House Creek, about three miles below Augusta, is overwhelmed, as well as the track for about 200 yards.

No train have reached us from Columbia or Wilmington, N. C. since the trains of Sunday morning, when they left, the storm was raging, which continued until they reached Augusta.

We understand that dams at Vancluse Cotton Factory, canal at Graniteville Factory, dam at the Bath Paper mill, and all the dams of all the Saw Mills on Horse creek are broke. The creek is said to have been higher than ever before known.

We have heard that the destruction to crops in Beech Island is considerable.

The creeks on the Central railroad are very full, and some derangements on the W. & N. railroad; but passengers reached Augusta from Savannah yesterday.

We learn that the storm was very destructive in Columbia co. At Aiken, the bridge over Green Briar creek is gone. Mrs. Pullin's Mill is swept away.

The Board of Health report three deaths from Yellow Fever for the past 24 hours ending Monday night.

Yellow Fever in Charleston.

The Board of Health report four deaths from yellow fever for 24 hours ending ten o'clock Wednesday night.

Washington, Sept. 2.—advice received by the Administration give a growing account of Gen. Walker's ultimate success in Nicaragua. It is understood that the object of Hon. Pierre Soule's visit to Nicaragua was in connection with the negotiation of a loan of \$2,000,000 with that Government.

Crops in Georgia.—The Times learns from an intelligent gentle-man who has recently passed through Harris, Troup, Coweta, Campbell, Fulton, Gwinnett, Jackson, Franklin, Clark, Wilton, Newton, Henry, Spalding, Pike and Meriwether counties, Ga., that both the corn and cotton crops are very sorry, and that hardly a sup-port can be realized. He saw the crops all along his route, which will not make a bushel of like quality than any one else. All we can say is, call upon him and prove the truth of his assertions.

Further particulars will be given in ad-vertisement next week.

KANSAS.

The following dispatch, addressed to Col. Payne, of the 8th Regiment, tells a sad and dreadful tale. Is there a heart in the breast of any law or order man in Kansas, that will not respond to the following earnest appeal? Let the cry of our friends be—To Arms! To Arms!

NEAR LECOMPTON. Aug. 16, 1856.

The friends of law and order, the Abolitionists have come upon us this morning about day-light, whipped and taken prisoners our men, Lecompton is a town, and deserted by the women and children. The U. S. troops have also been whipped. Will you come to our rescue before we are all murdered?

We are out of powder and lead and every kind of ammunition. Our friends are now stationed in Sheriff Jones' houses, as many as can, and will fight to the last. Will you help us? If so, come at once. Unless we get help we will be murdered. The foregoing is reliable,

W. H. RUSSELL,

KANSAS.

We make the following extract from a letter written by one of Maj. Buford's Kansas emigrants, to a relative in this city.—*Montgomery Journal*, Aug. 6.

LEXINGTON, Mo. August 18, '56.

Once more I am on the retreat from the Territory. Jim Lane has arrived in full force, and before this reaches you gained a victory that will be of some importance to the South. All of our men who have been taken prisoners, have been murdered. The brave and true who were with the unfortunate Treadwell at the time of flight, have paid their last tribute to the glory of the South—they are gone. Cowles, the gallant little editor of the Southern Advocate, fell nobly fighting the Northern robbers, at Lecompton, and now sleeps his last sleep in the bosom of Kansas. Alabamians will you longer close your purse strings, and house your chivalry when your bleeding sons are overrun and crushed by your worst enemy?

The borders are now arming for the battle—2,000 "Italians" will be on the Plains in seven days, well mounted and equipped. Whereas, the Alabamians are but poorly armed and abject.

For God's sake give us a fair show. Send us money and fighting men—no more demagogues—we want none such.

At the battle of Franklin, there were only 14 of our boys, Georgians and Alabamians. They fought 4 hours and escaped with but a few slight wounds.

In the midst of all this turmoil, however, the immovable position of President Pierce is worthy of admiration. He has shown himself in this trying emergency to be a true man, and though we do not look, at present for an accumulation of funds. It appears that "great excitement" prevailed in consequence of the recent election of Mr. Lincoln.

In response to this initiative measure, and for the promotion of its consummation a liberal and prompt patronage of the friends and public is solicited as necessary to the important and deplorable consequence that must shortly ensue, unless this rule or rule majority abandon their position.

The attention of the community is especially summoned to the observance of the fact that facilities, home facilities for the education of young ladies are here much required.

To satisfy this requirement the services of Miss H. A. Barnard, a highly talented and experienced teacher have been secured.

TRAEDY IN KENTUCKY.—A deplorable affair occurred in Bullitt county Ky., a few days ago. Two brothers named Jerry and Thomas Jones, had married sisters, whose maiden name was Burdette, they were neighbors. On one or more occasions Jerry had made improper overtures to Thomas' wife, and it is said, threatened her life, and in case of refusal. She then pursued him to desist until some other time. In the meantime, the women had procured a five shooter, so as to be prepared for Jerry, should he again attempt anything at the kind. A few days ago Jerry went to his brother's house and renewed his proposition to the wife. She then fired at him three times, one ball passing entirely through, another lodging in the body, and the other entering the back of the head and lodging in front. He was killed instantly. On Saturday, the trial of Mrs. Jones took place at Mount Washington, and was

History of Russian Crown Diamonds.

The Crown Treasury of the Czars at Moscow contains precious stones of considerable amount. The two most valuable are diamonds, one the size of a pigeon's egg, rose cut. The Russians have given it the name of the Orloff.

The other has the form of an irregular prism, and is of the size and almost the length of a little finger; bears the name of the Shah, and its history is as follows: It formerly belongs to the Sophias, and was one of two enormous diamonds which ornamented the throne of Nadir Shah, and which were designed by the Persians by the name of "Sun of the Sea" and "Moon of the Mountains."

When Nadir was assassinated his treasures were pillaged, and a few soldiers, who carefully concealed them.

An Armenian named Shafrahs resided at Bussora with his two brothers. One day an Afghan came to him and offered for sale the large diamond, "The Moon of the Mountain,"

as well as an emerald, a ruby of fabu-lous size, a sapphire of the finest water, and a diamond, the size of the "Eye of Allah," and a number of other stones for the whole of which he asked such a moderate sum that Shafrahs suspected that they had not been honestly come by, and told him to call again, as he had not the money in the house.

The Afghan, fearing that Shafrahs was going to act with treachery toward him left the place, and could not again be found, although the three brothers made every search for him. Some years afterward the elder brother met the man at Bagdad, who told

AYER'S CATHARTIC PILLS.

IT is estimated that AYER'S CATHARTIC PILLS have more to promote the public health, than any other one cause. There can be no question that the Cherry Pectoral has by its thousand on thousand cures of Colds, Coughs, Asthma, Croup, Influenza, Bronchitis &c., very much reduced the proportion of deaths from consumptive diseases in this country. The Pills are as good as the Pectoral and will cure more complaints.

Everybody needs more or less purging. Purge the blood from its impurities. Purge the bowels, Liver and the whole viscerai system from obstructions. Purge out the diseases which fasten on the body, to work its decay. But for diseases we should die only of old age. Take antidiotics early and thrust it from the system, before it is yet too strong to yield.

Ayer's Pills do thrust out diseases, not only while it is weak but when it has taken a strong hold. Read the astounding statement of those who have been cured by them from dreadful Scrofula, Droisy, Ulcers, Skin Diseases, Rheumatism, Neuralgia, Dyspepsia, Inflammatory Diseases, Bilious Complaints, Heartburn, Headache, Gout, and many less dangerous but still threatening ailments, such as pimples on the face, Worms, Nervous Irritability, Loss of appetite, Irregularities, Dizziness in the head, Colds, Fevers, Dysentery, and indeed a variety of complaints for which a Purgative Remedy is required.

These are no random statements, but are authenticated by your own neighbors and your own Physicians.

"If there is any credibility in human testimony, Jacob's Cordial must stand pre-eminent above all other preparations for the cure of Bowel Diseases. POETRY.

From the St. Louis Christian Advocate.

There is no Way but Duty.

BY PAUL FONTAIN.

There is no way but Duty,
In which to find a home—
No other way to happiness,
And endless bliss to come;
The prodigal and spendthrift,
The wanderer away,
Will ever find a bleak cold path—
A dark and cheerless day.

There is no way but Duty,
To calm the troubled breast;
No other way that leads
To peace and tranquil rest;
All other ways are stormy,
And life with troublous thunders;
And all that's causing
To everlasting woes.

There is no way but Duty,
On which the Master smiles;
Another way, in which there is,
A blushing on our tods;
All other ways indicated,
Have angels in the path,
With shining sword e'er threatening
An offended Father's wrath.

There is no way but Duty,
For me in time to come;
Two long alas! my feet have shined
In daring thus to roam
In all my paths of wandering
Like Ishmael I have been,
And God hath by His angel
Showed me my dangerous sin.

There is no way but Duty,
Be thou my wayward son;
And be the grace that helps me there,
The bane of my son;

Till Duty's way is accomplished,

I reach the final goal,
And end my life in heaven, be
The portion of my soul.

TUESDAY SEPTEMBER 16, 1856

FOR PRESIDENT,

DEMOCRATS TO YOUR POSTS.

WE learn from persons who have recently visited the Southern portion of this State, that the most intense political excitement prevails there, such as will bring every voter to the polls, where the Whigs and Americans have a large majority.

The case is very different here; so much so, indeed, that we have feared that many Democrats, secure in their strength and vast majority will fail or neglect to vote.

We have not opposed the feeble Fillmore party, through any fear that they would make a formidable demonstration here, but to arouse the Democratic party to put forth its full strength.

Friends, let us not be content to vote barely a sufficient majority to carry the State, but show our enemies and opponents North and South exactly how great that majority is.

The northern Abolitionists have asserted that we have an anti-slavery party at the South; let us prove as far as possible, that assertion to be false, at the ballot box.

Let us prove to those who seek our ruin, that they will have to contend against, not only a bare, but an overwhelming majority.

GOVERNMENT DEBTS & EXPENSES.

Our National Government expenses it is true, in the progress of growth and expansion, have reached a pretty round sum,

about \$72,000,000. But this is a mere

trifle in comparison to the annual expenses of

the National debt of England.

Our annual expenditures would scarcely maintain

the Queen's household, and the national

debt of England, according to last report,

amounts to \$3,750,563,479, the annual in-

terest upon which is nearly \$120,000,000.

Writs, who love their country more than

party.—The Hon. Charles J. Jenkins, re-

cent Whig candidate for Governor of Geor-

gia, has recently written a letter, in answer

to questions relative to his present politi-

cal position in the Presidential contest.

In this letter Mr. Jenkins takes decided

ground for Mr. Buchanan; and says em-

phatically, that "the section iron-ribbed

Democracy," "now stands forth alone in

its implicit reliance which they place

in all the professions still, in all the dis-

eases and ailments to which they are subject,

for reasons which we do not perceive be-

cause, the inevitable consequence is that

women are always ill, or nearly so,

and their children, in whom the effects of

that illness are perpetuated, are constitu-

tional, so that for them prolonged

life, in a majority of cases is a sheer im-

possibility, short of a miracle.

Again, the women of this country are pro-

ected for the implicit reliance which they place

in all the professions still, in all the dis-

eases and ailments to which they are subject,

for reasons which we do not perceive be-

cause, the inevitable consequence is that

women are always ill, or nearly so,

and their children, in whom the effects of

that illness are perpetuated, are constitu-

tional, so that for them prolonged

life, in a majority of cases is a sheer im-

possibility, short of a miracle.

The case then becomes the momentous question

whether shall we obtain that grand desir-

ement which is to avert illness, or to re-

committ it as themselves.

He calls earnestly upon his Whig friends

to aid in saving the Union in connection with

and through the instrumentality of the Demo-

cratic party, and oppose it hereafter, if it be-

neath, should they differ upon other issues.

Judge E. A. Nisbet, of Georgia, another

old line Whig has also written a letter to

Hon. H. G. Lane, in which he declares

his preference for Mr. Buchanan.

This letter the Atlanta Intelligencer characterizes as a "declaration" to the Democrats, "of unity and alliance from an old foe"—and to the Whigs and Americans, "a voice of warning from an old friend."

CHOICE HOTEL, BIRMINGHAM.—We have

not recently visited this House since it has

been in the hands of its present proprietors,

but from the high estimation passed upon

it by travellers, we are not afraid of speak-

ing of its merits.

THE N. Y. STANDING MERCURY.

DAISY COTTON.—Messrs. Davis & Gerish, Daisycotter Artists, have

been in our place some days, engaged in

taking most excellent likenesses, in the most

finished & improved style of the art. Their

specimens, which we have seen are in fact

unparalleled by any we have ever seen

here or elsewhere. Their terms are also

unusually low, \$150.

We are informed that they will remain a few days longer in this place during which time all who desire

likenesses would do well to call.

Room over Ryan Francis & Rowlands' Store,

extra next week, in order to make up for

the usual quantity requirements.

It will be seen, by reference to ad-

vertisement of Secretary in another column,

that the Trustees of the Jacksonville Pe-

ncile Academy have engaged a teacher to

take charge of that institution.

We are requested to state that the

Male and Female Schools, advertised in

our paper to have commenced yesterday

will not commence until next Monday, in

consequence of some unavoidable delay in

finishing the building, and the teachers

convention, which is to assemble the last of

in another column. They can but read in this honorable record of our noble standard-bearer with pride and pleasure. It will arm them too against the pitiful ten-ent slanders of his opponents.

TRIBUTE OF RESPECT.

At a called meeting of Crozier Lodge, No. 78, of free and accepted Masons, held in their hall at White Plains, Al- [redacted] on the 27th Aug. 1856 the Master appointed the following brothers a committee to draft resolution &c, expressive of the feelings of the Lodge upon the occasion, viz. W. R. Hanna N. A. Davis and B. F. Bray, who report the following, which was unanimously adopted:

Whereas the Lord has been pleased to remove from the world our worthy brother, W. C. Badgett, our Lodge and the fraternity have lost a true and worth brother, the widow and orphan children, a good and kind husband and father, the community an exemplary and useful citizen.

Resolved That the sympathies of this Lodge are with the widow, orphans and friends of the dead.

Resolved, That these proceedings be published in the Republican and Sunday South, any copies to be furnished to the bereaved family, and that the members of this Lodge wear the usual mourning badge for thirty days.

B. F. BRAY, Secretary.

PERENNIAL MASSACRE!

A WARNING AND A RECOMMENDATION.

The mortality among children born in American cities, bears an immeasurably higher ratio to the whole mortality than in any of the cities, even the most unhealthy, in the Eastern Hemisphere. The deaths resulting from improper medical treatment and lack of prompt attention and care, are higher among the adult population in this country, than in any other country, save

England.

People may well begin to take this sol-

emn fact to heart, and ask, is this always

to be? We justly pride ourselves, in

our own superiority, but is it not equally

foolish to us to ignore knowledge,

and through our own oversight and carelessness, life has become shorter and more uncertain among us than any other people?

Let us pause a moment to inquire

what this awful mortality is produced

by. The women of this country are pro-

ected for the implicit reliance which they place

in all the professions still, in all the dis-

eases and ailments to which they are subject,

for reasons which we do not perceive be-

cause, the inevitable consequence is that

women are always ill, or nearly so,

and their children, in whom the effects of

that illness are perpetuated, are constitu-

tional, so that for them prolonged

life, in a majority of cases is a sheer im-

possibility, short of a miracle.

The case then becomes the momentous question

whether shall we obtain that grand desir-

ement which is to avert illness, or to re-

committ it as themselves.

He calls earnestly upon his Whig friends

to aid in saving the Union in connection with

and through the instrumentality of the Demo-

cratic party, and oppose it hereafter, if it be-

neath, should they differ upon other issues.

CHOLERA MORDUS
BILLIOUS CHOLIC,
CHOLERA,

ALSO ADMIRABLY ADAPTED TO MANY DISEASES OF FEMALES
MOST ESPECIALLY PAINFUL MENSTRUATION.

The Virtues of Jacob's Cordial are too well known to require Ecomiums.

3. It cures California or Mexico's Disease.
4. It relieves the severest Colic.
5. It cures Cholera Morbus.
6. It cures Cholera Infantum.

A few short Extracts from Letters, Testimonials, &c.

"I have used Jacob's Cordial in my family, and have found it a most efficient, and in my judgment, a valuable remedy."

HON. LUCAS WAGNER,
Judge of Supreme Court Ga.

"It gives me pleasure in being able to recommend this invaluable medicine to all afflicted with bowel diseases, for which I believe it to be a sovereign remedy decidedly superior to anything else ever tried by me."

A. A. GAULDING,
Deputy G. M. of the Grand Lodge of Georgia.

"I have used Jacob's Cordial in my family, and this with all I hear about it as a remedy by those who have tried it, induces me to believe that it stands at the head of every preparation of the kind, and I would recommend its use in the diseases for which it is compounded."

MILES G. DODDING,
Cashier of the Bank of the State of Georgia, Griffin.

"If there is and credibility in human testimony, Jacob's Cordial must stand pre-eminent above all other preparations for the cure of Bowel Diseases. From the mass of testimony in its favor coming in from all quarters, it must be very far in advance, as a curative agent, of most if not all other 'patient' preparations."

A. FLEMING, Cashier Marine and Fire Ins. B'k, Griffin.

"This efficient remedy is travelling into Russia, and gaining commendations wherever used."

THE REPUBLICAN.

TUESDAY SEPTEMBER 30, 1856

FOR PRESIDENT,
JAMES BUCHANAN,
OF PENNSYLVANIA.

FOR VICE PRESIDENT,
J. C. BRECKINRIDGE,
OF KENTUCKY.

Democratic and Anti-Know
Nothing Electoral Ticket.

FOR THE STATE AT LARGE.
WILLIAM L. YANCEY, of Montgomery,
LEROY P. WALKER, of Madison.

FOR THE DISTRICTS.
1st. ALEX. B. MEEK, of Mobile,
2d. JAMES L. PUGH, of Barbour,
3d. EDWARD J. RACON, of Chambers,
4th. John G. BARR, of Tuscaloosa,
5th. JOHN D. RATHER, of Morgan,
6th. WU. O. WINSTON, of Dohiki,
7th. JABEZ L. M. CURRY, of Talladega.

Memphis Medical College.

The attention of Medical Students is called to the notice of the commencement of the regular course of Lectures on the 3rd of November next.

From the annual announcement, we gather the following facts relative to the advantages possessed by this College.—The peculiar advantages of this College consist chiefly in the mode in which its Faculty have availed themselves of the facilities for Clinical instruction, presented in its geographical position. Being situated at a central point upon the great Mississippi, Memphis is continually supplied with cases of disease illustrating the peculiar pathologies of the districts both North and South of it, while the Railroads rapidly extending from it as a center, bring it equally in communication with the East and Far West."

Another to which students have the advantage of visits to an extensive Charity Hospital, in company with the Professors—abundant materials for practical Anatomy, and preparations for the illustration of Anatomy, Physiology, &c., together with a Chemical Apparatus, acknowledged to be equal, if not superior to any in the United States.

We respectfully invite attention to the notice of the commencement of the first session of the Montevallo Male and Female Institutes of the Cumberland Presbyterian Church. These Schools are situated in a healthy and accessible location, and one favorable to economy in expenditure, for tuition and board. They present strong claims to the patronage of the community at large, and particularly of the denomination by which they are more exclusively established.

Rev. H. M. Jones, one of the Presidents, was for a number of years, a resident of this County, where he has many acquaintances, and many warm and elevated friends, whose confidence and esteem he will be at no loss to command, wherever he may reside.

The following interesting notice of our Town and its inhabitants, we copy from the "Tennessee Valley," published at Guntersville, Ala. by Hon. B. F. Poston, who recently filled, very acceptably, one of Mr. Yancey's appointments in this place, some notice of which appeared in our paper. Our Town has just commenced the work of tasteful improvement, and we incline to the opinion, that the flattering picture he has drawn would be more appropriate three years hence: he will therefore pardon us for attributing a part of his favorable impressions and notice to his own genial nature, and charitable habit of looking on the sunny side of every object. His notice of our public houses, and the hospitality of our inhabitants, is surely just.

JACKSONVILLE, Ala.

We have had the pleasure of a first hurried visit to this town. The able Raynal has said, that a very satisfactory proof of a people's civilization, may be found in the improved state of roads. We think a better can be found in the condition of their country towns, and this he so, exactly Jacksonsville, for its age, deserves to stand at the head of the list. It is one of the few places in Alabama, almost the only spot we had never seen; and to say that we were surprised at the evidence of the people's public spirit and patriotism, would but poorly express our emotions. Its public buildings, in neat, clean, and nobly shaded streets, in beautiful private mansions, and tastefully arranged grounds, no town, considering its age, can excel, or indeed does equal it. The people of the State have cause to be proud of Benton, and of its county site. The people of that town and county have cause to congratulate themselves, and while older towns, with far better opportunities, have suffered their public spirit to die out, if they ever had any; and done nothing to improve and beautify their villages—No court houses, that deserve the name, buildings delapidated, nor even white-washed, much less painted, over with weeds, stinking with ungathered manures and offal, earing with lank-sided starved hogs; not even

"A few shade trees for the cattle to lie under,

Out of way of the lightning and thunder."

They, the people of Benton, have done whatever could tend to embellish their country town, and render it at once an ornament of the country, and honor to the State.

The Hotel kept by Mr. Weir, is a near perfection, as good living, clean beds, and the untiring attention of a first rate Host and Hostess can render it.

As for the people, a generous hospitality, a kind social attention to strangers, a prompt appreciation of whatever is calculated to adorn society, and render life desirable, distinguished it in a very eminent degree.

We would do injustice, did we not mention, as an evidence of the taste of the people in public buildings, the northerners about being erected, and some private mansions going up in the neighborhood.

The Episcopal chapel just finished is so beautiful and distinct, that one is carried back to the days of gothic splendor in architecture.

The surrounding country for miles, bears evidence of the value placed upon the comfort and elegance of the homes of the people, and of a genuine spirit of patriotic ardor.

We are requested to state that the Hon. J. L. M. Curry, one of the Democratic Electors, will speak at Madox's old place, Best No. 4, on the 21st day of October next. Discussion is invited.

Consolatory.

For the especial satisfaction and gratification of those dear friends, who have been so much distressed recently, about our loss of subscribers, we would inform them, that we have not lost a single one from the causes they supposed. Of course in a thousand names some changes will take place, from death, removal &c. but there have been less, except from those causes, in the last eight months, than in the same time for 20 years. The only marked difference has been in a steady increase.

That love's labor may not be lost in future, we would also inform these friends, that it is not so easy a matter to injure a well known and long established paper as they might suppose. Its patrons, scattered over a large extent of country, are generally independent men, who reserve to themselves the privilege of judging of the merits or demerits of their papers, and whose passions and prejudices cannot be played upon like a harp of thousand strings.

We have been informed lately of several individuals quitting our paper, who were not subscribers, and in one instance of the loss of 30 subscribers at a Post Office where we had but about 20. This reminds us of the Arkansas man, who said he planted ten acres of corn and the beans and coons eat up fifteen.

Special efforts to injure a paper generally result like those of an old bachelor to get rid of the gray hairs in his head, of which it is said, for every one pulled out, ten come to the funeral.

In the course of 35 years experience in newspaper offices, we have never known a single instance of particular efforts on the part of officious intermeddlers to injure one that did not result in its benefit.

We respectfully invite the attention of purchasers of Fall and Winter Goods, to the advertisement of the new, extensive and well-selected stock now receiving by J. L. Woodward. This is now, we believe the oldest Mercantile establishment in the place, and one which has uniformly been favored with an extent of trade, seldom equalled in a place of this size. The goods have been selected with taste and judgment, by an experienced head, and the public have every assurance, that no reasonable inducement will be wanting or effort omitted to merit their confidence and patronage.

Frost.

We had a severe frost on Thursday morning, 24th inst. and also considerable ice there was also frost on the 25th and 26th. We do not remember to have seen so severe a frost as early as the 24th Sep., in this section in 22 years; and notwithstanding the extreme druth, we think it must have done considerable damage to cotton and other crops. The cotton looks almost black since, and also the pea and potato vines. The injury to the pea crop alone must be very considerable in this country.

See advertisement of J. & J. B. Forney, to be succeeded in January next, by J. B. & J. H. Forney. As well expressed by them, they keep in view, in all their dealings, the source from whence their prosperity and success must come, and they forgot not, that to merit a confidence of the liberal patronage heretofore received, they must also continue to deserve it.

The past history of this long established house, is a sufficient guarantee to the public, that in quality, styles, prices, and time, nothing will be left undone for their accommodation.

Since our first notice of the reception of goods by Kahn & Bro, we have been favored with an opportunity of examining their stock, more particularly that of Ready Made Clothing; and are enabled to say, according to our best judgment, that they are not only of superior quality, but offered at remarkably low prices.

HELBOLD'S HIGHLY CONCENTRATED EXTRACT BUCHU, is prepared directly according to the rules of Pharmacy and Chemistry, and is the best and most active preparation which can be made for the cure of Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, &c. Read the advertisement in another column, headed "A revolution is certain—Victory is ours."

The Newspaper Business. This department of industry presents some features in its general aspects, that we were surprised at the evidence of the people's public spirit and patriotism, would but poorly express our emotions. Its notice of our public houses, and the hospitality of our inhabitants, is surely just.

THE NEWSPAPER BUSINESS.

This department of industry presents some features in its general aspects, that we were surprised at the evidence of the people's public spirit and patriotism, would but poorly express our emotions. Its notice of our public houses, and the hospitality of our inhabitants, is surely just.

THE FIRE AT THE GEORGIA RAILROAD DEPOT.

About 4 o'clock this morning we were started from our slumbers by the cry of "Fire," and upon hastening to the scene, found the Engine House of the Georgia Railroad, enveloped in flames, and eight of the Company's engines, situated there, falling a prey to the devouring element.

The whole is in ruins. The loss to the company cannot be less than fifty thousand dollars. The fire is supposed to have originated from the furnace of one of the engines which had been recently put in.

THE COTTON CROP.

The Charleston Courier says: Accounts from all quarters

concerning generally in authorizing the belief

that the incoming crop of cotton will be

considerably below a good average.

some years past in the newspaper business. We do not approve of regarding the private affairs of individuals before the public, but as the matter has found its way through others into the public prints, we may be excused for alluding to it, in order to illustrate an important truth. The recklessness of Mr. Kay, in doing a large business at a point wholly unable to sustain it, in issuing weekly twelve thousand copies of his paper, one of the largest in the State, for subscription of one dollar per copy, and forcing its circulation, as we are told by a neighboring journal, by sending the paper "to any and every body," was but carrying out on a large scale a suicidal spirit of competition that has obtained to a more or less extent, in nearly every portion of the country. We are indebted for this state of things to the excess of newspapers generally over the demand. There are too many for the real wants of the business community and of the public, and hence this disreputable struggle, not so much for success as for existence at all.

A newspaper, especially a daily, is a costly luxury, and one which it is impossible to sustain, except by an immense outlay of money. He who commences it with a short list of advertisers, and a long one of non-paying subscribers, or subscribers who pay about the cost of the paper, without the printing, will sooner or later, have cause to regret his folly. Taking the outlay and income of our own office for a standard—and we have seldom had cause to complain—it has been to us a profound mystery how so many papers, requiring so great an expenditure of money to print them, are kept up and sustained from year to year. If things really are as they seem to be, there is a secret skill employed in their management that has never found its way into the office of the Republican. We have no faith, however, in this apparent prosperity. All experience proves that a paper set up where it is not needed, must, sooner or later, go by the board, and involve all connected therewith in a common infamy.

We do not feel that we have devoted more space to this subject than its importance demands. We feel proud of our profession, and to the extent of our humble abilities, it shall never need an advocate to defend it against assaults from without, or aid in the extirpation of the errors and evils that may grow up in our midst to mar its beauty and to neutralise its power.

In this country, where public sentiment is the great fountain of law and the source of all power, and enlightened, independent and honest press is bulwark of good government, the guardian of public virtue, the handmaid of industry, and shield of popular liberty. It should be wise in its counsels, high in its aims, and disengaged in its virtue. The people have a direct interest in fostering and preserving these characteristics so essential to its usefulness; while under the abuse that have grown up of late years upon the system, imparts its influence and contracting its means, it becomes impossible to bring it to aid, either the talent or the honesty that might be secured by a liberal and discriminating popular support. We would have these things changed, and through, radical reform impressed upon the mind of the country; the press would soon feel the reflection of its power, and throw off the shackles by which it has so long been born down and degraded.—*Sacramento Republican.*

THE GREAT FIRE AT MACON.

A very extensive and disastrous fire commenced in Macon yesterday morning about five o'clock. It started near the Washington Hall, destroyed that building completely, and made its way down towards the alley, that divides the block, of buildings in front of the Lawer House, all of the buildings between the Washington Hall and the Alley, having been consumed with probably one exception. Great confusion and excitement were created by the conflagration of so public a part of the city.

Further from Kansas—More Bloody Work Reported.

Chicago, Sept. 22.—Dates from Lawrence, Kansas, to the 15th says: Twenty eight hundred Missourians reached Franklin yesterday with a design of attacking Lawrence. Our advanced guard came in collision last night, and three pro-slavery men are reported to have been killed. Gov. Geary interfered ordering the Missourians off when the latter fell back on Franklin. Gov. Geary this morning disbanded the "ruffians" under General Reed, acting territorial militia. They were to be disbanded in the fall of the year.

A few short Extracts from Letters, Testimonials, &c.

"I have used Jacob's Cordial in my family, and have found it a most efficient, and in my judgment, a valuable remedy."

HON. HENRY WAXNER,
Judge of Supreme Court Ga.

"It gives me pleasure in being able to recommend Jacob's Cordial—my own personal experience, and the experience of my neighbors and friends around me, is a sufficient guarantee for me to believe it to be all that it purports to be viz.—A SOVEREIGN REMEDY."

W. H. UNDERWOOD,
Formerly Judge Sup'r Court, Clerks Circuit.

"I take great pleasure in recommending this invaluable medicine to all afflicted with bowel diseases; for which I believe it to be a sovereign remedy decidedly superior to anything else ever tried by me."

A. A. GAULDING,
Deputy G. M. of the Grand Lodge of Georgia.

"I have used Jacob's Cordial in my family, and this, with all I hear about it as a remedy by those who have tried it, induces me to believe that it stands the highest in every preparation of the kind, and I would recommend its use in the disease for which it is compounded."

MILES G. DODDINS,
Cashier of the Bank of the State of Georgia, Griffin.

"If there is any credibility in human testimony, Jacob's Cordial must stand pre-eminent above all other preparations for the cure of Bowel Diseases. From the mass of testimony in its favor coming in from all quarters, it must be very far in advance, as a curative agent, of most if not all other 'patent' preparations."

A. FLEMING, Cashier Marine and Fire Ins. Bk, Griffin.

"This efficient remedy is travelling into celebrity as fast as Bonaparte pushed the column into Russia, and gaining commendations wherever used."

TERRIBLE DISCLOSURES!
SECRETS FOR THE MILLION!

A most Wonderful and Invaluable
Medical Manual;

Being an original and complete Treatise on
MAN & WOMAN.

Their Physiolog. Functions and Sexual
Disorders of every kind, with nearly full
and exact Remedies for the speedy cure of
all diseases of a private and delicate
character, incident to the
violation of the Laws of Nature
and of Nature's God.

PRICE TWENTY-FIVE CENTS.

The Author of the above volume is a graduate
of one of the first medical schools in the United
States, and a successful practitioner, well known
to the study and treatment of syphilis and kindred
disorders as a specialist; he has become possessed
of more invaluable information in regard
to the sexual functions, and the diseases
of man, than any one else, and has given
to the world a very extensive and
valuable addition to the medical science of
the experience of the most eminent physicians
in Europe and America, thoroughly demonstrating
that in this our highly sexualized practice in the
treatment of sexual diseases, there are thousands
of cases in the vicinity of Philadelphia alone.

The practice of Dr. Hunter has long been, and
still is literally unparalleled, but at the present
time, the author of this work has decided to
extend the sphere of his professional usefulness
to the community at large, through the medium
of his "Medical Manual and Hand-Book
for the Medical Student."

It is a volume which has received the unqualified
recommendation of the first physicians in the
land, while many clergymen, tabernacles,
philanthropists, and other public-spirited
persons, are giving it their hearty endorsement.

The tract contains 214 pages, 126 of
which is open land in a fine state of order,
and the remainder well arranged, and most
neatly exhibited its circulation in all quarters
where its powerful teachings would be likely
to be instrumental in the moral purification &
physical healing of our people, among
the young, volatile and indiscreet, otherwise
pride and dower of the nation.

The author argues plausibly, most strongly
against every sort of self-indulgence, and
was a sincere and zealous advocate in the cause
to guard the young of both sexes from the ter-
rible consequences consequent of their ignor-
ance of physiological laws and sexual impur-
ities and irregularities.

Persons in search of a desirable location
would do well and examine the place, with
the assurance that a bargain will be easily
made with the place itself.

ITS HISTORY AND CASES OF CURE.

Mr. Peter Ogden, of Peoria, Ill.,
"cured of Rheumatism, and other pains,
by R. R. Relief."

[Duplicate Letter, of July 22, 1852.]

RADWAY & CO., CHEMISTS, &c., N. Y.

SIRS—I hereby certify that I have used
R. R. Relief, and that it has cured in
my family an obstinate CASE of Rheu-
matism, Sick and Nervous Headache,
Pains in the Shoulders, Bowel Complaints,
Pains in the Hip Joint, &c.—

I have recommended it to all of my ac-
quaintances. I have never heard of one
complaint. In all cases it cures as soon as
applied. I am certain there is no remedy
in the U. S. that will cure Rheumatism so
quickly as R. R. R. for where it is applied pain cannot dwell.

You can publish this to the world.

PETER OGDEN,

Letter from R. R. Hazzard & Co., New-

MRS. COL. GATES—CONSTITUTIONAL DEFICIENCY.

Send us by express, another supply of
R. R. Relief. There has been a remarkable
cure of Constitutional Deficiency by
the use of the Relief, in Mrs. Col. Gates, wife of the commander of
the U. S. A. for the Eastern Division,
stationed here. They are now in
Washington, but on their return, we may
hope to get a certificate of cure.

Very truly yours,
R. R. HAZZARD & CO.
